Do you judge a DIAMOND by its size?

Size and weight are the last things to consider when judging a diamond. Far more important are brilliance, color and perfection. It's easy to believe you are saving money by getting a bigger diamond for less money. But mere size without quality will only lead to disappointment later.

Before you choose any diamond, we invite you to come in and have a talk with our diamond experts. They'll be glad to explain the difference in diamonds. There's no obligation.

-Play Suits for the Fletcher kids-Pajamas for Mother and Dad-a Bedspread for Aunt Martha! It's the hundreds of clever and useful and pretty things into which the nimble wits and shuttling fingers of women can transform it. In a sense this simple bolt of Yard Goods is the crest and hallmark of a great American business-The J. C. Penney Company.

THE FIRST PENNEY STORE, OPENED 41 YEARS AGO IN KEMMERER, WYOMING, SET A NEW PATTERN OF NEIGHBORLY, LOW COST, RETAIL STORE SERVICE.

Yard Goods were a major part of the stock in trade of Mr. J. C. Penney's first little store opened 41 years ago this month in Kemmerer,

Wyoming. From the outside it looked far from impressive. Inside, though, people discovered it was different. For this store was dedicated to a new kind of store-

Mr. Penney didn't think "How much can I take!" but "How much can I give?" He cut out useless frills, charge accounts and deliveries; pared prices to the bone; preferred many sales at small profit to a few at large profit.

keeping-to a neighborly idea-an idea as typi-

cally American as ride-sharing and quilting bees!

THE PENNEY IDEA SPREAD, AND GREW, UNTIL TODAY PENNEY STORES DOT THE ENTIRE MAP OF THE UNITED STATES

Kemmerer took to the first Penney store as buffalos take to pasture!

So did Moscow, Idaho later on. And Salt Lake City, Utah. And San Antonio, Texas. And today there are over 1600 Penney stores in all 48 states, and Penney's is truly an American institution.

For every hundred dollars worth of sheets, or blankets, or shoes, or Yard goods the Penney store sells in Peoria, Illinois or Scranton, Pennsylvania, or Savannah, Georgia, it pays back honest and subscantial savings.

For every hundred dresses, or shirts, or overalls it sells in Waltham, Massachusetts, or Stockton, California, or Chillicothe, Ohio, it pays back rich dividends in local salaries, rent and taxes.

Today Penney stores from Coast to Coast are making a tremendous contribution to the nation's wartime program of Thrift and Savings. Today Penney stores, in neighborly fashion, are helping to balance the household budgets of millions of Americans. Today Mr. Penney's 41 year old idea of success through giving, rather than taking, is still the Penney way.

FROM ME TO YOU

By MESEEALL

There is no longer a pleasure driving ban . . . and you can buy all

the gas you want so long as you don't buy more than eight coupons worth in the next 4 months. But one thing we have in our favor .. the weather, from now on, will be nice and it won't do us harm to do a little walking. Now if a statement would come out of Washington explaining the situation in a straight forward announcement . . . there must be a good reason for this . . . the people wouldn't complain. All we ask of Washington is that they tell the story or stories truthfully. Too many people there are talking about things they know nothing about . . . one department makes a statement and shortly after another department says they are wrong and so on and on it goes until the American people are getting fed up . . . The American people would like to get this war over with but it seems that some pig headed guys in Washington just can't see it that way ... Let's forget our little fights about labor and capital and the many other arguments that fill our congressmen's waking hours . . . Let's dig in and do the work . . . the boys doing the fighting are not asking for more money and they are giving more than any one here in the United States.

And that reminds us . . . have you given to the American Red Cross? . . . you say you can't . . . Why can't you . . . oh so you just paid one fourth of your income tax . . . so what, other people did too and they probably paid more than you did . . . You are taking 10 percent of your wages for War Bonds . . . that's fine. you are not losing out there . . . each time you buy a bond you make money. Now it won't be a hardship on you to give several dellars to the American Red Cross . . . in one year from today you will never miss the cash but you will be mighty glad that you gare . . . The boys will be coming home . . . some of them will not be coming home . . . but many will be returning because you gave to the Red Cross . . . Every group of men in the United States Armed services have a Red Cross representative with them

... Every kind of service is rendered by this grand organization . . Come on, dig down and help those who are helping the men who are making it safe for you and your children to live in the

Den't forget to plan a Victory Garden . . . it won't be long until planting time.

Marilyn Dick Is War Bond Queen For Westminster

(Special To The News)
NEW WILMINGTON, March 22 Freshman Marilyn Dick, of Erie, has been chosen by students to represent Westminster college in the national War Bond Queen competition sponsored by the Associated Collegiate Press to promote the sale of war bonds and stamps in colleges and universities through-

one vote for each cent spent on war bonds and stamps bought at the college, and the co-ed with the largest number of votes at the close of the campaign was entered in the national contest. Other local candidates were Elizabeth Rotzler, Pittsburgh: Alice Lou Laney, Youngstown; Anne Sigmund, Mc-Keesport; and Harriet Behm, But-

Miss Dick, also selected as Westminster's Ideal Freshman Coaed earlier this year, received a total of 90,780 votes. For the five-week campaign, Westminster students pent \$2,982.25 for bonds and
